SUBJECTS

EDIZIONI MINERVA MEDICA TORINO

1. - ALPHABETICAL INDEX OF SUBJECTS

A

Acropathy

A case of non-familial ulcerous and mutilating acropathy, 202.

Amylase

Surgical aspects of the spread of pancreatitis into the pleurae and lungs, 242.

Anesthesiology

Clinical contribution to the study of a new halogenate anaesthetic: Ethrane, 143.
Ethrane in paediatric anesthesia. Clinical remarks in 800 cases, 269.
Notes on the use of sulpyride in ketamine anesthesia, 268.
The use of Ketamine in labour, 144.

Angiology

Results with Naftidrofuryl in the management of lower extremity obstructive arteriopathy, 83.
Rickettsiosis in the aetiology of chronic obliterating arteriopathy, 83.

Antacids

On a new preparation for controlling gastric hyperacidity, 234.

Antibiotics

Clinical experimentation of sodic cephazoline (Totacef), a new antibiotic, 204.

Arterial resistance

Arterial resistance to neoplasias experimentally induced in the rat, 213.

Arteriosclerosis

Blood lipids in the healthy and arteriosclerotic aged subject, 268.

Artery

Arterial resistance to neoplasias experimentally induced in the rat, 213.

Artificial kidney

Multiple reuse of the hollow fiber artificial kidney with 0,25 M NaOH, 80.

Aspirin

Protective effect of Zolimidine on aspirin-induced gastrintestinal bleeding, 230.

B

Bartter's syndrome

Bartter's syndrome associated with nephrocalcinosis, 202.

Bile duct

Personal experience in surgery of the bile ducts, 268.

Biodynamics

Biodynamics of the instep, 203.

Blood lipids

Blood lipids in the healthy and arteriosclerotic aged subject, 268.
Clinical appraisal of the effects of a mucopolysaccharide complex on blood lipids, 270.

Buffer

On a new preparation for controlling gastric hyperacidity, 234.

C

Calcitonin

The effect of calcitonin on calcium and phosphorus homeostasis in subjects with chronic renal insufficiency, 142.

Cancer

High intramuscular doses of slow-release 6-methyl-prednisolone in advanced cancer, 221.

Cardiology

Vectorcardiography pictures in 40 cases of left ventricular overloading, 205.

Cerebral circulation

Notes on the employement of vincamine in subjects with cerebral circulation disorders and evaluation of its tolerance, 269.

Chemotherapy

Analysis of 50 cases of tocolysis treated with isoxysuprine, 83.
Indomethacin in the treatment of aminonucleoside-induced nephrosis, 145.
Results with Naftidrofuryl in the management of lower extremity obstructive arteriopathy, 83.

Cholesterolemia

Notes on cholesterolemia in senile Sicilians, 268.

Coronary angiography

Coronary angiography in primary myocardiopathies, 202.

Corticoids

Clinical remarks on the use of a new chronologically controlled cortisone drug (Dutimelan 8-15), 271.
High intramuscular doses of slow-release 6-methyl-prednisolone in advanced cancer, 221.
Percutaneous absorption of a new topical steroid: beclomethasone dipropionate, 204.

^{51}Cr labelled blood cells

Protective effect of Zolimidine on aspirin-induced gastrointestinal bleeding, 230.

D

Dermatology

A case of non-familial ulcerous and mutilating acropathy, 202.
A case of Pinol-Aguadé lichenoid trikeratosis, 204.
Some clinical findings on the dermatological use of a new dermosteroid: anhydrous fluazacortenol cream, 80.

Drug effects

Absorption and elimination in the rat, 203.
Behaviour of certain clinical and biohumoral data following cortnic treatment in children suffering from hepatitis; gastroenteritis and ketosis, 80.
Controlled study of the antipyretic activity of the new p-aminophenol derivative in comparison with aminopyrine, 80.
Ethrane in paediatric anesthesia. Clinical remarks in 800 cases, 269.
Hydatid disease: Rose Bengal ^{131}I scanning in a case of bronchobiliary fistula, 260.
In vitro spermicidal activity and therapeutical use of a benzalchonium chloride based product (Agena), 143.
Notes on the employement of vincamine in subjects with cerebral circulation disorders and evaluation of its tolerance, 269.
Notes on the use of sulpyride in ketamine anesthesia, 268.
Preliminary report on a controlled study relative to an oral preparation containing calcium, vitamin D and cobamamide (Trofocalcium-Crinos), 142.
Results with a new drug (chlotrimazol) in the management of 52 cases of vaginitis, 143.
Results with trithiozine (ISF 2001) in gastroduodenal diseases, 203.
Some clinical findings on the dermatological use of a new dermosteroid: anhydrous fluazacortenol cream, 80.
Treatment of the menopausal syndrome with a new non-steroid estrogen-like drug: P-1496, 263.

Dysmetabolic diseases

Clinical and interpretative problems in the multiple screening of certain dysmetabolic diseases, 143.

E

Electrocardiography

A case of serious hypocalcaemia and unusual ECG picture in a patient with malabsorption undergoing anticonvulsant treatment, 269.

Electromyography

Electromyographic indices in the evaluation of uraemic peripheral neurone damage during short haemodialytic treatment, 82.

Electrophoresis

Notes on zinc metabolism. Note IV: Electrophoretic determination of lacto-albumins and beta-lactoglobulins in human and bovine milk and colostrum, 272.

Ellis-van Creveld syndrome

Notes on the genetic, clinical and radiological features of Ellis-van Creveld syndrome in two sisters, 203.

Endometrium

Hydatid disease: Rose Bengal ^{131}I scanning in a case of bronchobiliary fistula, 260.
Treatment of the menopausal syndrome with a new non-steroid estrogen-like drug: P-1496, 263.

Ethrane

Clinical contribution to the study of a new halogenate anaesthetic: Ethrane, 143.

Experimental neoplasias

Arterial resistance to neoplasias experimentally induced in the rat, 213.

F

Foetography

Foetography in the diagnosis of foetal post-maturity, 143.

G

Gastroenterology

Behaviour of certain clinical and biohumoral data following cortnic treatment in children suffering from hepatitis; gastroenteritis and ketosis, 80.
Oesophageal, gastric and duodenal mucosa potential in the normal subject, 144.
Results with trithiozine (ISF 2001) in gastroduodenal diseases, 203.

Gastrointestinal bleeding

Protective effect of Zolimidine on aspirin-induced gastrointestinal bleeding, 230.

Geriatrics

Blood lipids in the healthy and arteriosclerotic aged subject, 268.
Notes on cholesterolaemia in senile Sicilians, 268.

Glanzmann's syndrome

Glanzmann's syndrome. Puberal age, 144.

Glomerulonephritis

Clinical, biological and histological findings in 31 cases of membrano-proliferative glomerulonephritis, 81.
Rapidly progressive glomerulonephritis with crescents as a cause of potentially reversible renal failure, 269.
Transitory deficiency of C1q and C4 in a case of chronic glomerulonephritis, 142.

Goitre

A comparison between certain features of endemic goitre in Nepal and Piedmont, 247.

Gynaecology

Clinical and anatomopathological features of a case of ovarian fibroma, 145.
Results with a new drug (chlotrimazol) in the management of 52 cases of vaginitis, 143.
The use of Ketamine in labour, 144.

H

Haemodialysis

A new vascular prosthesis of fistula-catheter type for periodic haemodialysis, 81.
Electromyographic indices in the evaluation of uraemic peripheral neurone damage during short haemodialytic treatment, 82.
Multiple reuse of the hollow fiber artificial kidney with 0,25 M NaOH, 80.
Renal function improvement in chronic uremic patients in hemodialytic treatment, 270.

Haemorrhoids

Notes on a new antihaemorrhoid cream (Emoren), 204.

Hodgkin's disease

High intramuscular doses of slow-release 6-methyl-prednisolone in advanced cancer, 221.

Hyperacidity

On a new preparation for controlling gastric hyperacidity, 234.

Hypocalcaemia

A case of serious hypocalcaemia and unusual ECG picture in a patient with malabsorption undergoing anticonvulsant treatment, 269.

I

Immunology

Thymic and blood lymphocytes in myasthenia gravis, 225.

Iodine administration

A comparison between certain features of endemic goitre in Nepal and Piedmont, 247.

Ischaemic cardiopathy

Coronary risk factors and ischaemic cardiopathy in bus drivers and conductors, 144.

K

Ketamine

The use of Ketamine in labour, 144.

L

Laboratory

Clinical and laboratory evaluation of a new antiphlogistic and antipyretic drug in paediatrics, 271.

Lichenoid trikeratosis

A case of Pinol-Aguadé lichenoid trikeratosis, 204.

Lipoma

A case of deep lipoma near the elbow with compression of the radial nerve, 204.

Lupus nephritis

Reversibility of the uremic syndrome associated with lupus nephritis, 272.

Lymphocytes

Thymic and blood lymphocytes in myasthenia gravis, 225.

M

Malabsorption

A case of serious hypocalcaemia and unusual ECG picture in a patient with malabsorption undergoing anticonvulsant treatment, 269.

Menopause

Hydatid disease: Rose Bengal ^{131}I scanning in a case of bronchobiliary fistula, 260.
Treatment of the menopausal syndrome with a new non-steroid estrogen-like drug: P-1496, 263.

Mucopolysaccharides

Clinical appraisal of the effects of a mucopolysaccharide complex on blood lipids, 270.

Mucosa potential

Oesophageal, gastric and duodenal mucosa potential in the normal subject, 144.

Myasthenia gravis

Thymic and blood lymphocytes in myasthenia gravis, 225.

Myocardiopathy

Coronary angiography in primary moycardiopathies, 202.

N

Nephrocalcinosis

Barttner's syndrome associated with nephrocalcinosis, 202.

Nephropathy

Renal function improvement in chronic uremic patients in hemodialytic treatment, 270.
Reversibility of obstructive nephropathy in the uremic stage, 270.
Reversibility of the uremic syndrome associated with lupus nephritis, 272.

Nephrosis

Indomethacin in the treatment of aminonucleoside-induced nephrosis, 145.

Neuroblastoma

Diagnosis and classification of 50 cases of neuroblastoma, 271.

New drugs

Clinical and laboratory evaluation of a new antiphlogistic and antipyretic drug in paediatrics, 271.
Clinical contribution to the study of a new halogenate anaesthetic: Ethrane, 143.
Clinical experimentation of sodic cephazoline (Totacef), a new antibiotic, 204.
Clinical remarks on the use of a new chronologically controlled cortisone drug (Dutimelan 8-15), 271.
Notes on a new antihaemorrhoid cream (Emoren), 204.
Percutaneous absorption of a new topics steroid: beclomethasone dipropionate, 204.

O

Obstetrics

Foetography in the diagnosis of foetal post-maturity, 143.

Obstructive arteriopathy

Results with Naftidrofuryl in the management of lower extremity obstructive arteriopathy, 83.

Oesophagocolonplasty

Oesophagocolonplasty in the palliative treatment of cancer of the oesophagus, 205.

Oncology

Diagnosis and classification of 50 cases of neuroblastoma, 271.
Oesophagocolonplasty in the palliative treatment of cancer of the oesophagus, 205.
Telethermographic pictures in 160 cases of skin tumours, 83.

Osteogenesis imperfecta

Notes on the aetiopathogenesis of a case of congenital osteogenesis imperfecta, 271.

Ovarian fibroma

Clinical and anatomopathological features of a case of ovarian fibroma, 145.

P

Paediatrics

Clinical and laboratory evaluation of a new antiphlogistic and antipyretic drug in paediatrics, 271.
Ethrane in paediatric anesthesia. Clinical remarks in 800 cases, 269.
Renal biopsy in infancy: a contribution to the discussion, 205.

Pancreatitis

Surgical aspects of the spread of pancreatitis into the pleurae and lungs, 242.

Pleuropneumopathy

Surgical aspects of the spread of pancreatitis into the pleurae and lungs, 242.

Poisoning

Acute poisoning due to hydrocarbons derived from oil distillation, 82.
Notes on trichloroethylene poisoning, 271.

Professional diseases

Coronary risk factors and ischaemic cardiopathy in bus drivers and conductors, 144.

R

Radial nerve

A case of deep lipoma near the elbow with compression of the radial nerve, 204.

Renal biopsy

Renal biopsy in infancy: a contribution to the discussion, 205.

Renal insufficiency

Rapidly progressive glomerulonephritis with crescents as a cause of potentially reversible renal failure, 269.
The effect of calcitonin on calcium and phosphorus homeostasis in subjects with chronic renal insufficiency, 142.

Renal malformation

A case of Rubinstein-Taybi syndrome with a renal deformity, 205.

Rickettsiosis

Rickettsiosis in the aetiology of chronic obliterating arteriopathy, 83.

Rubinstein-Taybi syndrome

A case of Rubinstein-Taybi syndrome with a renal deformity, 205.

S

Stomach

On a new preparation for controlling gastric hyperacidity, 234.
Personal experience in surgery of the bile ducts, 268.

T

Telethermography

Telethermographic pictures in 160 cases of skin tumours, 83:

Tocolysis

Analysis of 50 cases of tocolysis treated with isoxysuprine, 83.

U

Uremia

Renal function improvement in chronic uremic patients in hemodialytic treatment, 270.
Reversibility of obstructive nephropathy in the uremic stage, 270.
Reversibility of the uremic syndrome associated with lupus nephritis, 272.

V

Vectocardiography

Vectorcardiography pictures in 40 cases of left ventricular overloading, 205.

Z

Zinc metabolism

Notes on zinc metabolism. Note IV: Electrophoretic determination of lacto-albumins and beta-lactoglobulins in human and bovine milk and colostrum, 272.

Zolimidine

Protective effect of Zolimidine on aspirin-induced gastrointestinal bleeding, 230.

IVth INTERNATIONAL SYMPOSIUM ON THE LOCOREGIONAL TREATMENT OF TUMORS

(Saint Vincent, Sept. 19-21, 1973)

Perfusion chemotherapy

Rapporteur's introduction, 1.
The management of far-advanced human and animal tumors by perfusion, 3.
Perfusion of melanoma (133 isolated perfusions in 114 patients), 8.
Regional chemotherapy by isolation-perfusion: a ten year follow-up, 11.
Extremity perfusion chemotherapy. Past, present and future, 14.
A surgical technique decreasing the leakage of the drugs during regional perfusion for far-advanced neoplasms, 18.
Perfusion chemotherapy of osteosarcoma (A clinical study on 75 cases), 22.

Interstitial Curietherapy

Rapporteur's introduction, 26.
Interstitial radiation with iodine-125, 28.
Interstitial ^{192}Ir therapy in head and neck cancer, 32.
Role of iodine-125 seeds in interstitial therapy, 34.
Interstitial curietherapy in head and neck, 36.

Results of interstitial Curietherapy in T_3 and T_4 floor of the mouth and tongue cancers after previous arterial infusion chemotherapy, 45.
Curietherapy in breast cancer of stages I and II by radium implant or 198Au seeds, 50.
Radiotherapy of lower lip cancer with after-loading and radio-iridium wires, 60.
Interstitial irradiation in carcinoma of the lung, 62.
Conservative treatment of breast carcinoma using an association of radiotherapy and iridium 192 interstitial Curietherapy, 64.
The intracavitary radiotherapy of cancer of the uterine cervix with after-loading and radio-iridium wires, 66.
Radiotherapy of skin epitheliomas with after-loading and radio-iridium wires, 68.
Radiosurgical protocol for the treatment of the cancer of the uterine cervix, 70.
Intraperitoneal curietherapy (Indications and prognosis), 72.
The remote after-loading system for radioactive sources A.L.D.O., 75.

Basic and applied research

Casistic report in timing of cytostable drugs by synchronization of tumor cells, 89.
A new method for increasing the chemotherapeutic drug concentration in the tumor tissue, 95.
Enhancement of ionizing radiation effects by local heating of tumor with micro-wave radiation, 99.
Combined effects of X-ray and blemycin in cancer cell survival, 103.
Effect of warfarin in treatment of cancer, 105.
Arteriographic assessment and staging of carcinoma of the cervix, 114.
Arteriographic assessment and staging of renal cell carcinoma, 117.
Need for new approach to chemotherapy of cancer, 121.
Combination chemo-hormonal therapy for disseminated breast carcinoma, 125.
Massive-dose progestational therapy in oncology (medroxyprogesterone) (Preliminary results), 129.
Therapy with nafoxidine for patients suffering from postmenopausal ulcerated mammary cancer, 137.
Application of cytochemical methods for visualization of hypoxic cells in human breast tumors, 151.
Association of radiotherapy and a new antiblastic drug in the treatment of lung tumors, 156.
Complex radiation-chemotherapy of malignant lymphomas in combination with nonspecific BCG-immunostimulation (A preliminary report), 162.
Effects of fractionation in radiation therapy of carcinoma of the lip, 167.
Preliminary trials in the treatment of female gynecological tumours by Peptichemio, 170.
Carcinoma of the floor of the mouth and/or the lower alveolar process, 175.
Loco-regional localization pattern of head and neck tumors treated with general chemotherapy (methotrexate and bleomycin), 177.

Lymphotherapy

Rapporteur's introduction, 180.
Dosimetry problems in endolymphatic curietherapy, 181.
Treatment of melanoma by endolymphatic therapy, 183.
Intra-lymphatic radiotherapy in malignant melanoma, 187.
Endolymphatic isotope perfusion, 190.

Closing lectures

Treatment of bladder carcinoma by a hydrostatic pressure technique (Report on 76 cases), 194.
Closing address, 199.
President closing address, 200.

INTERNATIONAL MEETING ON RECENT ADVANCES IN BIOCHEMICAL PATHOLOGY: TOXIC LIVER INJURY

(Turin, June 18-20, 1975)

Hepatic fibrosis and the chronicity of liver disease, 281.
Alterations produced in the endoplasmic reticulum by carbon tetrachloride, 292.
Interference of CCl_4 metabolites with subcellular structures, 310.
The metabolite deficit period as an approach to biochemical pathology, 320.
Endogenous inhibitors of protein synthesis in ischaemic livers, 326.
Halogenoalkane toxicity in different experimental conditions, 332.
Alcoholic fatty liver, its pathogenesis and precursor role for hepatitis and cirrhosis, 346.
Pathogenesis of ethionine induced pancreatic necrosis, 359.
Liver toxicity of carbon disulphide. Possible significance of this metabolism by oxidative desulphuration, 364.
Modulation of halothane and vinyl chloride induced acute injury to liver endoplastic reticulum, 367.
Absolute dependence of CCl_4 induced loss of glucose-6-phosphatase and cytochrome P-450 on lipid peroxidation, 375.
Biochemical pathology in microtime, 381.
Electrophylic free radicals and nucleic acid damage: pulse radiolysis studies, 391.
Chemical composition and biological properties of the products of halogenoalkane-induced lipid peroxidation, 403.

Carbon tetrachloride toxicity in the rat after administration of hypolipidemic agents, 410.
Ribonucleic acid synthesis inhibition and cell necrosis induced by selective uridine triphosphate deficiency in liver and ascited hepatoma cells, 415.
Altered protein synthesis in the liver due to nutritional influences, 422.
The role of the liver in chemical carcinogenesis, 427.
Characterization of the early molecular alterations of liver microsomal lipids following CCl_4 intoxication, 433.
Interference by lead nitrate and cerium chloride with liver damage induced by hepatotoxins, 441.
Lipid structure in the endoplasmic reticulum membrane: significance for bioactivation and detoxication processes of foreign compounds, 449.
The influence of lipid composition on some physical and functional properties of cellular membranes in rat liver hepatomas, 454.
Permeability of rat liver lysosome membranes, 472.
Cell interaction in cultured hepatocytes, 492.
